

Funds for
Restoration and
Enhancement of the
Earth
Program

June 21, 2019

Mr. Jonah Nguyen

RE: Yu-Hwa Terry Ni FREE Program Scholarship

Congratulations Jonah!

I am pleased to announce that you have been selected for a \$2,000 scholarship from the **Funds for the Restoration and Enhancement of the Earth (FREE) Program**. The scholarship is administered by the Wisconsin Society of Professional Engineers (WSPE) / Engineers Foundation of Wisconsin (EFW).

Please visit our website - <http://freeprogramscholarship.org/> - which has information about the FREE Program including the mission statement, founder, co-founder and board members, scholarship recipients and the panel of reviewers.

Your academic achievements, balanced ACT results, well-rounded activities, and desire to design ways to have clean, safe water through a career in environmental engineering are indicators that you will develop into a thoughtful and influential engineer.

Katie Jelacic, the Secretary/Treasurer of the EFW Board will be contacting you and provide you procedural details. Please let us know that you have received this letter and the scholarship check.

Sincerely,

Yu-Hwa Terry Ni

Yu-Hwa Terry Ni, P.E.
FREE Program Founder/Executive Director
